

ADA COURTESY CART SERVICE

Courtesy Cart Service is available to disabled fans from the main disabled parking area (adjacent to Sun Devil Stadium and the Desert Arboretum Park) as well as South Packard Drive Structure Parking Garage and will run to the South East, North East, and North West Gates. **These carts are for disabled fans and one companion and service animal only.** There are designated cart routes depending on where fans are seated in the stadium, please see the line leader at each pick up and drop off location to ensure disabled fans needing cart service get on the appropriate cart.

Courtesy carts will only drive on designated routes, pick up and drop off locations are clearly marked in the two accessible lots as well as at the South East, North East, and North West Gates. The courtesy cart service will be available two hours prior to kick off until approximately one hour following the conclusion of the game. Due to high volume of pedestrian traffic in and around the stadium, pre and post game, the courtesy cart service may experience delays so please be patient if utilizing this service.

The Dignity Health South West Gate has elevator service to the main concourse for disabled fans, please utilize the pink line courtesy cart service route. Fans will be dropped off at the South East Gate and can walk across to the Dignity Health South West Gate to meet the elevator.
