Warm-up / Check-In

The Arboretum course is available after 12pm on race day. Team packets including maps and bib numbers are available at the yellow moving truck 2 hours prior to race time.

Race Course: Races start in a relatively flat open area but quickly changes to a winding path passing around a pond, through a walnut grove, and over a manmade hill that serves as the high point of the property. Once over the hill, it opens back up and skirts the edges of both the University President's house and the Hartley Garden which highlights the Arboretum. The running path is painted with a double line designating an alley for athletes to run between. Athletes are expected to run within the lines. The majority of the surface is grass with a few exceptions when the course parallels a gravel road and crosses wood chipped paths. All kilometer and mile splits are signed. Course signs with an orange and blue background apply to both races. Signs with an orange background and blue text apply to the women's course. Signs with a blue background and orange text apply to the men's course.
