Renovations of the Bill Easton Track were completed on August 30, 2011. The facility has been redesigned to a 6 lane 200m oval with 8 lane straightaway providing athletes and coaches a better track and field experience while competing at the University of Kansas. The track oval, horizontal and vertical jump surfaces have been resurfaced with the Benyon BSS 2000 with a Hobart topping. The horizontal jumps are now parallel runways and pits and relocated to the east side of Anschutz for better viewing.

Due to the implications of NCAA Bylaws 20.9.7.1, 20.9.7.2, 20.9.7.3.2 the meet will be scored as follows; A. Division I schools only, B. all other participating schools.
